

Carnegie, OK – Pizza Hut Renovation & Image Modernization

The photo on the right shows the restaurant prior to installation of updated FFS provided exterior finish materials.

Project Summary:

FFS furnished the updated exterior finish veneer shown on this Pizza Hut Renovation. This is one of 26 projects that FFS worked with the general contractor, Confederated Builders out of Derby, KS. FFS supplied the stone veneer in Versetta Stone – Plumb Creek and the stone cap by Boral in Taupe.

Meet or Exceeding Owners Goals, Values and/or Expectations:

FFS supplied exterior finish materials along with trim and accessories including installation instructions and guidance to complete the install. Confederated Builders, Inc. was able to perform the renovation with little customer impact.

FFS PRODUCTS USED:
Versetta Stone

CLIENT:
Confederated Builders
